

SOLUTIONS PARTNER DATA & AI (AZURE)

Benefits for Data & AI (Azure)

Benefits will include all common Solutions Partner benefits, like go-to-market services, TP&D advisory hours, technical support incidents, as well as unique product benefits designed specifically for Solutions Partner for Data & AI (Azure).

Product Group	Solutions Partner for Data & AI	per Azure specialization*	
Incremental	Azure Production Credits	\$6,000 per year (bulk)	\$12,000 per year (bulk)
	Azure Dev/Test Credits	Bulk offer delayed – in interim, dev/test credits are provided with Visual Studio Enterprise	Bulk offer delayed – in interim, dev/test credits are provided with Visual Studio Enterprise
	Visual Studio Subscriptions	25 Visual Studio Enterprise subscriptions	10 Visual Studio Enterprise subscriptions
Core among Solutions Partner for Infrastructure, Data & AI, and Digital & App Innovation	Dynamics 365 (D365)	D365 Operations Application Partner Sandbox, D365 Sales, Field Service and Customer Service Partner Sandbox	-
	Power BI	100 Power BI Premium users	-
	Microsoft 365 (M365)	100 M365 E3 users	30 M365 E3 users
	Microsoft Project Online	20 users (Plan 5)	-
	Visio Online	5 users (Plan 2)	-
	Software Licenses	100 Windows Server Standard 2022, 32 Windows Server 2022 Data Center, 16 SQL Server, 100 System Center Standard, select CALs, and more	-

*Max stacking of 5 specializations across all Azure specializations and expert programs (shared across Solutions Partner for Infrastructure, Data & AI and Digital & App Innovation designations). This asset is intended only for reference purposes as a high-level overview. Benefits are subject to change. Full details and terms and conditions are subject to applicable program guide.

Requirements for Data & AI (Azure): Skilling

Intermediate Certifications

- Requires at least two [Azure Administrator Associate](#) and at least two [Azure Solution Architect Expert](#) certifications to qualify certifications to qualify.
- # of individuals certified with any of the following:
 - [Azure Database Administrator Associate](#)
 - [Azure AI Engineer Associate](#)
 - [Azure Data Scientist Associate](#)
 - [Azure Data Engineer Associate](#)
 - [Data Analyst Associate](#)
 - [Customer Data Platform Specialty](#)
 - [Azure Cosmos DB Developer Specialty](#)

We have adjusted the Skilling requirements for the Solutions Partner for Data & AI (Azure) designation. We merged the Advanced Certification requirements into the Intermediate Certification requirements as a single category. As a result of this change, the maximum points for Intermediate Certifications increased from 20 to 40 points. Some partners may see a drop in their score because the prerequisite certification (Azure Solutions Architect Expert) has not been met. Your score will return to earlier numbers after you have completed the prerequisite certification.

Points that were previously earned in the Advanced Certification subcategory will be added to the points earned in the Intermediate Certification category and reflected on the dashboard on [Partner Center](#).

To learn more about this change, please review the updated certification details located [here](#).

*All dates and requirements subject to change.

For more information about requirements specific to Solutions Partner for Data & AI (Azure), [click here](#).

ZERTIFIZIERUNGSPFADE FÜR SOLUTIONS PARTNER DATA & AI (AZURE)

Microsoft Azure certifications for data and AI pros (1)

Support with data and analytics

Azure Database Administrator Associate Exam DP-300	Azure Data Engineer Associate Exam DP-203	Azure Data Scientist Associate Exam DP-100
<p>Azure database administrators implement and manage the operational aspects of cloud-native and hybrid data platform solutions built with Microsoft SQL Server and Microsoft Azure Data Services.</p>	<p>Azure data engineers integrate, transform, and consolidate data from various structured and unstructured data systems into structures that are suitable for building analytics solutions.</p>	<p>Azure data scientists apply data science and machine learning to implement and run machine learning workloads on Azure.</p>
<ul style="list-style-type: none"> Plan and implement data platform resources Implement a secure environment Monitor, configure, and optimize database resources Configure and manage automation of tasks Plan and configure a high availability and disaster recovery (HA/DR) environment 	<ul style="list-style-type: none"> Design and implement data storage Design and develop data processing Design and implement data security Monitor and optimize data storage and data processing 	<ul style="list-style-type: none"> Design and prepare a machine learning solution Explore data and train models Prepare a model for deployment Deploy and retrain a model

Microsoft Azure certifications for data and AI pros (2)

Support with data and analytics

Azure AI Engineer Associate Exam AI-102	Azure Cosmos DB Developer Specialty Exam DP-420	Azure Enterprise Data Analyst Associate Exam DP-500
<p>Azure AI engineers build, manage, and deploy AI solutions that leverage Azure Cognitive Services and Azure Applied AI services.</p>	<p>Azure Cosmos DB developers design, implement, and monitor cloud-native applications that store and manage data.</p>	<p>Azure Enterprise data analysts design, create, and deploy enterprise-scale data analytics solutions.</p>
<ul style="list-style-type: none"> Plan and manage an Azure AI solution Implement image and video processing solutions Implement natural language processing solutions Implement knowledge mining solutions Implement conversational AI solutions 	<ul style="list-style-type: none"> Design and implement data models Design and implement data distribution Integrate an Azure Cosmos DB solution Optimize an Azure Cosmos DB solution Maintain an Azure Cosmos DB solution 	<ul style="list-style-type: none"> Implement and manage a data analytics environment Query and transform data Implement and manage data models Explore and visualize data

TRAININGS UND EXAMEN FÜR SOLUTIONS PARTNER

DATA & AI (AZURE)

The journey to Microsoft Certified: Azure Administrator Associate

Get started at
aka.ms/AzureCerts_Admin

Start here
Decide if this is the right certification for you

Get trained

This certification is a good fit if your responsibilities include:

- Managing, and monitoring identity, governance, storage, compute, and virtual networks in a cloud environment, plus provision, size, monitor, and adjust resources, when needed.

OR

If you already have or were working toward any of these certifications:

- MCSE: Core Infrastructure
- MCSA: Windows Server 2012
- MCSA: Windows Server 2016

Brand new? First, master the basics.

New to the cloud or Azure?
Choose [Azure fundamentals training](#).

New to administering Azure?
Choose [prerequisites for Azure administrators training](#).

Exam study guide

> [AZ-104](#)

Self-paced training

> [Microsoft Learn](#)

Instructor-led training

> [Course AZ-104: Microsoft Azure Administrator](#)

Build confidence

Exam preparation

> [Exam Readiness Zone](#)

Take a practice exam

> [Practice Assessment on Microsoft Learn AZ-104](#)

Skills measured:

- Manage Azure identities and governance
- Implement and manage storage
- Deploy and manage Azure compute resources
- Implement and manage virtual networking
- Monitor and maintain Azure resources

Get recognized

> Pass [Exam AZ-104](#) to earn this certification.

Microsoft Certified:
[Azure Administrator Associate](#)

Azure administrators implement, manage, and monitor an organization's Microsoft Azure environment.

Products featured

- Microsoft Azure

Microsoft Azure

The journey to Microsoft Certified: Azure Solutions Architect Expert

Get started at
aka.ms/AzureCerts_SolutionsArchitect

Start here
Decide if this is the right certification for you

Get trained

This certification is a good fit if your responsibilities include:

- Advising stakeholders and translating business requirements into designs for secure, scalable, and reliable Azure solutions.

Prerequisite: Certification

- [Azure Administrator Associate](#)

First, make sure your skills are up to date.

Need to update your skills in Azure infrastructure architecture?
Choose [Azure architect design prerequisites training](#).

Exam study guide

> [AZ-305](#)

Self-paced training

> [Microsoft Learn](#)
